

## CANMORE HDD MONOGRADE CONVENTIONAL MOTOR OIL CONVENTIONAL 10W AND 30

**CANMORE HDD Monograde Conventional** oils are blended from select high viscosity base stocks and low-ash additives with sufficient detergent to ensure excellent engine cleanliness, minimize ring-sticking, and reduce liner-scuffing. **CANMORE HDD Monograde Conventional** prevents sludge formation, reduces bearing corrosion and cuts back on engine rusting. **CANMORE HDD Monograde Conventional** was developed to meet the needs of mixed fleet operators in order to reduce inventory. **CANMORE HDD Monograde Conventional** can be used in high speed diesel engines in automotive, construction and certain marine diesel applications.

**CANMORE HDD Monograde Conventional 10W & 30** grades meet or exceed Allison C-4 specifications for use in their heavy-duty automatic transmissions. **CANMORE Monograde HDD Conventional SAE 30** are prime recommendations for Detroit Diesel 2-cycle engines. **CANMORE HDD Monograde Conventional** oils can also be used as hydraulic oils where appropriate as long as care is taken not to mix them with regular hydraulic oils.

### TYPICAL RESULTS

SAE GRADE	10W	30
VISCOSITY (D445) cSt @ 40 °C	41.3	99.8
cSt @ 100 °C	6.5	11.5
VISCOSITY INDEX (D2270)	108	102
DENSITY @15°C (kg/l) (D4052)	0.88	0.89
POUR POINT (°C) (D97)	-37	-26
FLASH POINT (°C) (D93)	200	202
TOTAL BASE NUMBER (D2896)	7.0	6.9

Meets or Exceeds	10W	30
API CF	X	X
API CF-2	-	X
API SF	X	X
Allison C4	X	X
CAT TO-2	X	X
Detroit Diesel- 7SE270	-	X

### FEATURES & BENEFITS

- Low ash less than 1%.
- Excellent hydraulic oil (SAE 10W and 30).
- Suitable for truck manual transmissions (SAE 50).
- High viscosity/low ash formulations.
- Promotes engine cleanliness.
- Excellent resistance to high temperature.

### SIZES

10W	30
1 Litre	N/A
5 Litre	N/A
18.9 Litre	18.9 Litre
205 Litre	205 Litre
1000 Litre	1000 Litre
