

## CANMORE HDD SYNTHETIC CK-4 MOTOR OIL SYNTHETIC 5W-40 CK-4

Canada, one of the harshest cold temperature climates in the world, requires an engine oil that delivers exceptional cold temperature properties such as exceptional cold cranking and cold pumping ability. Performance in these areas enable faster startup and wear protection when the engine is most vulnerable.

**CANMORE HDD Synthetic 5W-40 CK-4** is an advanced formulation designed to deliver exceptional cold temperature performance for the most demanding operating conditions. Industries such as Mining, Construction, Forestry and Trucking fleets operating in the demanding cold temperature climates of Canada, one of the harshest environments in the world, need the added protection and peace of mind of **CANMORE HDD Synthetic 5W-40 CK-4** which delivers exceptional cold cranking and cold pumping abilities; enabling faster startup and wear protection when the engine is most vulnerable.

**CANMORE HDD Synthetic 5W-40 CK-4** is backwards compatible to API CJ-4, CI-4+, CI-4 and CH-4 performance claims under current licensing guidelines.
